UNION, THE CONSTITUTION AND THE LAWS—THE GUARDIANS OF OUR LIBERTIES.

Vol. XLVII. HILLSBOROUGH, N. C., WEDNESDAY, SEPTEMBER 16, 1868. No. 2456

The General Assembly of North Carolina do enact:

Sec. 2. The Secretary of State shall, prior to the tenth day of September next, provide for and forward to the Commissioners of Counties, suitable registration books for each election precinct as established for the last previous election, and a suitable number of the blank forms of oaths, prescribed by Article VI, section 4, of the Constitution.

Sec. 3. In case the Commissioners of Counties shall not receive, on or before the first day of October next, a sufficient number of registration books and blank forms of oaths, as above prescribed, they shall provide themselves with the same at the expense of the State.

Sec. 4. The Commissioners of Counties, or, in case no Commissioners shall have qualified, the Governor, shall, on or before the fifth day of October next, select one Justice of the Peace for each election precinct in their counties, who shall act as Registrar of voters for such precinct. He shall be furnished with a registration book and blank form of oath, and shall at times, from the fifteenth day of October next until the day of the next Presidential election, receive and register such qualified voters as may offer, administering the oath provided by the fourth section of the sixth article of the Constitution, to which oath he shall require each elector to subscribe previous to registering his name in the registration book. He shall receive a fee of five cents for each voter registered, to be paid out of the County Treasury.

Sec. 5. MAINE.—The election for State officers took place in Maine on Monday last, after a canvass of extraordinary vigor by both parties. Twenty-six towns give Chamberlain (Rep.) 35,239; Pillsbury (Dem.) 17,518. A Republican gain of 3,480.

CONSERVATIVE NOMINATIONS.

At a meeting of delegates from the respective counties of this district, assembled in convention at Franklinton on the 10th instant, the Hon. Sion H. Rogers, of Wake, was nominated as the Conservative Democratic candidate for Congress, and Wharton J. Green, of Warren, for Presidential Elector, for this District.

At a Democratic Conservative Convention for the Fifth District, held at Greensborough on Tuesday of last week, Col. Lexington Brown, of Caswell, was nominated as the candidate for Congress, and M. S. Robins, Esq., of Randolph, for Presidential Elector.

GEORGIA.—Gov. Bullock, on the 9th instant, sent a message to the House enclosing the report of the committee in the case of persons applying for seats vacated by the expelled negroes, and giving the names of persons receiving the next highest vote. A lengthy protest accompanies the report against the action of the House expelling the negroes. The Governor reviews the constitutional question, and contends that it clearly gives negroes the right to hold office.

Pending the reading a motion was made to table it as a direct insult to the House, but the motion was not sustained.

Resolutions were offered returning to the Governor that portion of his communication reflecting upon the action of the House on the eligibility question, and declaring that the members of each House are judges of the qualification of its members, and not the Governor; they are the keepers of their own consciences, and not his Excellency."

A resolution was passed to swear in the persons having the next highest vote who were not ineligible under the third section of the fourteenth amendment. Several of the new members were sworn in and took their seats.

WHAT IT COSTS.

What the Congressional treatment of the Southern States is costing the people of the North, in addition to the ruin it has inflicted here, is strikingly set forth in a speech made last week, in New York, by Mr. Sanford E. Church, who was one of the gentlemen voted for in the New York Convention for the Presidential candidacy. Said Mr. Church:

The Southern States are so impoverished that they are unable to contribute in any great degree towards paying the taxes of the Government. The State of New York for the last year has paid double the amount of internal revenue that the whole ten Southern States have paid, and yet they contain a population three times greater than New York. But for this infernal system of military despotism and Freedman's Bureau, which prevents that country from developing itself and becoming prosperous, it would contribute to the support of the Government three times as much as the State of New York. Instead of the whole ten States paying $30,000,000, they should pay $150,000,000, according to the amount of taxation, as they would if they were as flourishing and prosperous as they would be but for the blighting influence of this Radical rule which is upon them. [Applause]. So you are not only obliged to contribute by direct taxation this $11,000,000 a year for the Freedmen's Bureau, and $10,000,000 or $20,000,000 for the army to back them up, but you are deprived of $130,000,000 a year which ought to go into the Treasury of the General Government, in consequence of keeping that country as it now is.

CRUELTY TO ANIMALS.—Recently a match has been made in Hillsborough, Ohio, for $1,000, between Mr. James Smith, who enters his bay horse against an unknown horse, to test the endurance of the respective animals. Leaving Hillsborough, they are to be driven seventy-five miles each day for six days.

The cotton crop in Texas is said to be the heaviest for many years. It will reach one hundred and seventy five thousand bales.

A pew in Emanuel Church, Boston, was sold at auction on Saturday for $1,000.

AN ACT ESTABLISHING A LIEN IN FAVOR OF BUILDERS, MECHANICS AND MATERIAL MEN.

The General Assembly of North Carolina do enact: Section 1. That any vessel or building built or rebuilt, repaired or improved, together with the necessary lot on which such building may be situated, shall be subject to a lien for the payment of all debts contracted for work done on the same or materials furnished.

Sec. 2. Such lien shall cease within five days of the completion of such building or vessel or of the repairs thereon; and in case of the delivery of materials within five days of the delivery of the last item thereof, unless a notice of such lien shall previously thereto be filed in the office of the Register of Deeds of the county wherein such building is situated, or in case of a vessel when the materials are furnished or labor performed, and within ninety days of such completion or delivering as above, unless suit shall have previously been brought thereon.

Sec. 3. The notice of the lien shall consist of an affidavit setting forth the date, amount and particulars of the claims thereto, sworn before some Justice of the Peace and subscribed by the claimant.

Sec. 4. Every laborer performing labor in the making or securing of any crops, shall have a lien upon such crops, which shall have a priority to every other lien.

Sec. 5. Such lien may be enforced by attachments, and shall cease upon the removal of the crops from the premises whereon it was made.

Sec. 6. This act shall take effect from and after its ratification.

Ratified the 22d day of August, 1868.

NEGRO OUTRAGES.

Memphis, Tenn., Sept. 6.—At 3 o'clock this morning a band of negroes went to the house of T. A. Alexander, on the Hernando road, and called him to get up. While striking a light he was fired on through a window, and severely wounded. He struggled to fasten the door, but they forced it open and fired at him again, mortally wounding him, and then set fire to the house. His wife, who had escaped through the back door, returned with some neighbors, and succeeded in extinguishing the flames. Alexander is still alive, but there is no hope of his recovery. A negro named Moses Cockville has been arrested as one of the party, and the detectives are on the track of the others.

Last night four negroes entered the house of Mrs. Lavinia Jones, on President's Island, just below the city, and commenced pillaging. A negro named Cæsar Simpson attempted to outrage her, but she seized a knife and stabbed him in the groin and chest. Her screams brought the neighbors to the spot, who succeeded in arresting the entire party and bringing them to the city. Simpson is not expected to live.

It was on the 9th of April, 1865, that General Lee accepted the terms of surrender proposed by General Grant. Over three years have elapsed since the Army of Northern Virginia laid down their arms; yet the expenses of the United States Government in that time have averaged over $500,000,000 per annum. In that time sixteen hundred millions have been wrung from the industry of the people to meet not only the necessities of the war and the interest on the public debt, but the extravagant expenditures of men who have squandered the people's money in mad schemes of reconstruction, the maintenance of idle hordes of negroes and of supernumerary army officers, a countless crowd of useless officials, and on their own wanton self indulgence. Never in an era of peace was so much money raised by taxation amongst a free people, to be so wasted and misapplied.

National Intelligencer.

The late lamented General Scott declared before his death that at the close of the war it would be impossible to restrain the fury of the non-combatants. Congress proves his words phophetic; for while the soldiers who fought are magnanimously willing to forget and forgive, the Stevenses and Sumners, the Butlers and Drakes breathe only vengeance and slaughter against the men of the South. And General Grant himself, after making his "whitewashing" report, which did credit alike to his sagacity and genial temper, has consented to become the candidate of a party which deals in proscription and disfranchisement, and whose leaders are constantly making inflammatory appeals in the hope of kindling anew the passions which arose out of the war.

Two men in Kansas have paid $800 in costs of court and lawyers fees before they could get judgment on the ownership of a calf worth seven dollars.

NEGROES DISQUALIFIED FOR OFFICE IN GEORGIA.

Never has a cunningly devised fraud often exploded policy met with a more signal failure than the Congressional scheme of reconstruction in the State of Georgia. Negro suffrage was foisted upon the people of that State against their will. Preferring that to the political ostracism which, in defiance of the constitutional rights of one of the original thirteen, was imposed upon the State, her people adopted the late constitution, which received the sanction of Congress, and under which her admission was authorized. So far, then, Congress is concluded as to the restoration to all its constitutional powers of the Empire State of the South.

It happened that amongst the members of the House of Representatives of the State elected at the recent election, held in pursuance of the reconstruction acts, were twenty-three colored men. The question of their eligibility was raised by Mr. Tuggles, and, after an elaborate discussion, has been decided against them. It was alleged that there was no clause, either in the State constitution or in the reconstruction acts, which gave the negro the right to hold offices, although both conferred his right to vote. The fourteenth constitutional amendment and the second section of the bill of rights gave him citizenship, but neither the right to vote nor to hold office. The reconstruction acts and that clause in the constitution which prescribes the conditions of franchise conferred the right to vote, but neither made him eligible to office. The constitutional amendment evidently contemplated a discrimination against certain classes, because it expressly declares that if any such discrimination be made, that class shall not be counted in the enumeration of the population for representation in Congress.

The tenth section which it was proposed to insert in the constitution would have made negroes eligible, because it declared that "all qualified electors, and none others, shall be eligible to any office in the State." So that it was evident that those who framed the constitution did not intend that all voters should be eligible to office. The principle is not recognized that the right to vote carries with it the right to hold office, either in the Federal or State constitutions. The negro has no rights or privileges which he does not enjoy by positive enactment, while those of the white men are enjoyed by prescriptive right, of which he can only be deprived by express statute. A colored man's civil rights were conferred by the civil rights bill and the constitution of Georgia. The right to vote in the District of Columbia was given by positive enactment, as also the right to hold office. In Georgia the former was conferred, but the latter was not, and he is, therefore, ineligible. This kind of reasoning carried with it not only the Democrats, but a number of Republicans, and silenced more. But twenty-two whites voted against the ineligibility of twenty-three colored men, who accordingly retired. There were eighty-three votes in the affirmative, and a number did not vote. Of the important results of this significant action of the Georgia House of Representatives we shall have more to say hereafter.

THE GEORGIA RADICAL ELECTORS COMING OUT FOR SEYMOUR AND BLAIR.—The Chronicle and Sentinel of Tuesday reports a rumor, which it thinks well founded, that A. T. Akerman, one of the Radical candidates for elector from the State at large, will in a few days be out in a card withdrawing his name from the ticket. If so, this will make four of the Radical electoral ticket who refuse to run, and say they will support Seymour and Blair, viz: Akerman, Wilson, Boyd, and Harden; and yet the Republicans still keep their names up. If elected, under these circumstances, they would, of course, cast their votes for Seymour and Blair. Four out of nine Grant electoral candidates to come out for Seymour in the course of a fortnight after their nomination is pretty significant of the way the Grant and Colfax ticket is running in Georgia. It is running out at both bung hole and spigot.

A SAD SNAKE STORY.—A young lady in Snyder county, Pa., was in the garden picking berries. A piercing scream from her alarmed the rest of the family, who were at the tea-table. Hastening to the spot, they found her lying on the ground insensible. She was carried into the house, and said to relate, she was dead. Her friends, on proceeding to prepare the body for interment were horror stricken to find an immense black snake coiled tightly around her person, under her clothing. There being no evidence of the snake having bitten her, the inference was that the young lady died of fright.

THE WAR IN HAYTI.

The troops now engaged in the Haytien war are stated to amount to about twelve thousand loyal mulattoes, under President Salnave, on the one side, and on the other about 25,000 negro insurrectionists, mostly from the southwestern part of the island, under command of Gen. Petion Fomvert. The rebels are generally well armed, but poorly organized. Salnave's troops are also badly disciplined, but have a strong advantage in position. It is reported that a large number of rebels, or cacos as they are called, were constantly deserting and joining the forces of the Government. They are of little service, however, as there are not sufficient arms to equip the regular army. Many of Salnave's soldiers bear no arms but a rude pole having and old bayonet set on the end of it. A large number of Springfield rifles, ordered from the United States, are expected to arrive very soon, which will be sufficient to equip all the troops. *Wilmington Star.*

Savannah, Sept. 9, P. M.—The negroes are armed and are drilling nightly. Farmers are stopped on the roads leading to the city. The country folks are compelled to go in parties of ten to twenty, when they come to market. A boy has mysteriously disappeared and is supposed to have been murdered by the negroes.

A Negro Murders a Little Girl with Vitriol.—An industrious, hard working negro woman in Murfreesborough has been for some years cursed with a lazy, whiskey drinking husband. Tired at last of supporting him, she barred the door against him last Tuesday night, and got one of her neighbor's little girls to spend the night with her. The villain stole in through a window, about 12 o'clock, and threw a vial of vitriol over the bed, commanding his wife not to cry for help on pain of death. The latter escaped with only slight injuries, but the little girl was so horribly burned with the destructive fluid that she expired at noon on Wednesday in great agony. The murderer was arrested and committed to jail. *Nashville Republican Banner, 28th.*

It is supposed to have been the work of an incendiary. "Let us live in peace."
Charlotte Times.

A lady in Columbia recently, who was about to leave on the train, requested a negro standing near to put her trunk on the baggage wagon. Imagine her surprise when the offended darkey drew himself up, and replied "Ma'am, I'se no servant, I'se a Sergeant."

Obituary.

Died, in this county, on the 22d of August last, Mrs. E. T. TERRY, wife of Mr. William Terry, aged 65 years. The deceased was an affectionate wife, a fond mother, and loved and esteemed by all who knew her. She leaves an aged husband and six children to mourn her departure.

Died, in this county, on the 7th instant, of a lingering consumption, Mrs. MARY PARKER, wife of Mr. A. W. Parker, in the 59th year of her age. She lived a consistent member of the M. E. Church forty-two years.

CURONICA.

THE TRULY GREAT REMEDY OF THE AGE.

IT needs no further recommendation than a TRIAL of its virtue. Its action is both general and specific, completely renovating the system; hence its unparalleled value in curing nearly every curable form of disease. For obvious reasons, no Wholesale agencies are established. All orders must be enclosed to the Proprietor, Dr. H. Rogers, No. 67 Chew St., Baltimore, Md., and then the genuine article will cheerfully be furnished. Most liberal terms allowed to Druggists and Dealers.

RETAIL Price $1.00 per bottle, with full directions. Sent free to any address on receipt of price.

Being comparatively a stranger, he is determined to sell Goods, for Cash and Barter, at the lowest possible figures, that he may extend his acquaintance in the business, and also enable the people to live through these hard times as easily as possible.

He has no desire to get rich off of an impoverished people, only wishing a support from the profits. With these motives, and his small per cent. on goods, he flatters himself of a fair proportion of custom.

THE CAROLINA FARMER.

BELIEVING that the interests of the Farmers and Planters of this section demand the publication of a periodical devoted to the advancement of Agriculture in the two Carolinas, we have determined to establish such a periodical under the title of THE CAROLINA FARMER, and will issue the first number as soon as a sufficient number of subscribers are obtained to pay a reasonable share of the expense of publication.

The Farmer will be issued monthly at $2 per annum, in advance; will contain not less than thirty-two large double-column pages of reading matter, bound in handsome covers; and in typographical execution will not be surpassed by any Agricultural Monthly in the country.

Being determined to do whatever energy will accomplish in making the Farmer worthy the support of the intelligent Planters and Farmers of North Carolina and South Carolina; and desiring to introduce it into every county in those States, we wish to employ active Agents at every Post-office, to whom the most liberal inducements will be offered.

Our exchanges in the two Carolinas will confer a favor, which we will be glad to reciprocate, by giving this announcement a few insertions in their advertising columns, with such editorial comment as they think the probable value of such a periodical as we propose publishing may justify.

Address all communications to

The National Intelligencer

FOR THE CAMPAIGN.

A VALUABLE CAMPAIGN PAPER.

Circulation of Political Information.

THE Campaign upon which we have just entered is by far the most important and momentous in which the people of our country have ever been called upon to participate. The life of the nation, the liberties of the people, the rights of persons and property, are all in jeopardy. An unscrupulous faction in Congress has usurped all the powers of the Government. The people alone have the power in their hands. To do this promptly and effectually they need all the information that can be furnished to them.

There never was a time when the necessity for the dissemination of sound political information was so great as at present. The journals which furnish this information should be sent broadcast throughout the land, and be put into the hands of every voter in every State, county, town, village, precinct and hamlet, in every household from the Atlantic to the Pacific.

To supply this need we have concluded to put the WEEKLY INTELLIGENCER for the campaign at such a price as will place it within the reach of all.

It will be supplied to Clubs of ten or more to the same Post Office at Fifty Cents per copy for the Campaign, or for four months prior to January 1, 1869.

Published at Washington City, the great political centre of the country, we enjoy peculiar facilities for obtaining and presenting to our readers the earliest and most reliable political information, and to keep our patrons thoroughly posted in regard to events of political importance.

We call upon our friends throughout the country to exert themselves to push this circulation of the Campaign Weekly Intelligencer to the fullest possible extent. If they will do this service, we pledge ourselves to do our part of the work with all the energy and ability and industry we can command.
